The Courage to Speak Presentation is unique because of the degree of emotion Ginger Katz brings to it. I have a strong sense of people walking out of there alerted. The program cuts through denial and can be a really important catalyst to help others take action."

Dr. Thomas Kirk, Commissioner Department of Mental Health and Addiction Services

Courage To Speak Foundation was established in 1996, by Ginger and Larry Katz shortly after the death of their son Ian to a drug overdose. Their mission is "saving lives by empowering youth to be drug free and encouraging parents to communicate effectively with their children about the dangers of drugs." www.couragetospeak.org
